## RECYCLING FOR ART

Calling all Townies: the Imagination Station at the Ann Arbor Street Art Fair, the Original needs your recyclables! The Imagination Station is set up specifically for kids to explore their own creativity during the Fair. This year, the Fair is moving towards zero-waste, so all of our Imagination Station activities are based on reusing and give kids a chance to discover the fun of recycling.

So, please help us by bringing in everyday materials which may be made into ART!

### *What We Need:*

- bottle caps (metal or plastic—and we need lots of these!)
- empty paper towel rolls
- paper grocery bags
- small empty milk cartons

You may bring your recyclables to our main office, 721 E. Huron St., Ann Arbor, MI 48104 (the blue house), or deposit them in the boxes set up at the Imagination Station at the Townie Street Party, Monday, July 14<sup>th</sup> from 5-9:30.
